

**VIRGINIA POLYTECHNIC INSTITUTE AND
STATE UNIVERSITY**

**AUTHORIZED BUDGET DOCUMENT
2012-13**

June 29, 2012

MEMORANDUM

TO: Vice Presidents and Deans

FROM: M. Dwight Shelton, Jr. *Dwight*

SUBJECT: 2012-13 University Budgets

Attached for your review are the University's 2012-13 operating and capital budgets. This document displays and describes all the components of the consolidated budget. It also provides the major components of the Educational and General Budgets for the University Division and the Cooperative Extension/Agricultural Experiment Station Division. As in prior years, detailed schedules showing the computation of the Educational and General budgets by major expense category are also included. In addition, this document displays the capital project authorizations and actions of the 2012 General Assembly as well as an estimate of the current available and unspent authorizations carried forward to 2012-13 from 2011-12.

Please note that Tim Hodge's transmittal letter describes the budget process and decisions made during the budget development process in more detail. In most cases, the approved new initiatives are assigned directly to a college or vice presidential area. In some instances, final decisions are still pending regarding the actual distribution of funds. The funding for these initiatives will be distributed as decisions are finalized.

The Office of Budget and Financial Planning is reviewing these budgets with your fiscal officers. A copy of this document will also be on display in the Newman Library and is available on-line at www.obfp.vt.edu.

I appreciate your time and cooperation as we developed the 2012-13 budgets. Please let me know if you have any questions.

June 29, 2012

MEMORANDUM

TO: Mark G. McNamee
M. Dwight Shelton, Jr.

FROM: Timothy L. Hodge 

SUBJECT: 2012-13 Operating and Capital Outlay Budgets

The Office of Budget and Financial Planning has completed the University's annual operating and capital outlay budgets for the 2012-13 fiscal year. This document, called the Authorized Budget Document (ABD), provides a comprehensive view of the University's 2012-13 budgets.

Contents

The Authorized Budget Document is composed of the following sections:

Attachment I	Consolidated Operating Budget Components
Attachment II	Appropriations
Attachment III	Revenue and Expenditure Summaries and New Initiatives
Attachment IV	University Division (Agency 208) Educational and General Operating Budgets
Attachment V	Cooperative Extension/Agricultural Experiment Station Division (Agency 229) Educational and General Operating Budgets
Attachment VI	Other Programs Operating Budgets including the Commonwealth's Research Initiative Operating Funds
Attachment VII	Position Allocations
Attachment VIII	Equipment Trust Fund and Equipment Enhancement Allocations
Attachment IX	Capital Outlay Project Authorizations

The Budget Development Process

The University develops the annual budget as a one year quantification of the University's strategic plan. The strategic plan is the framework for enacting the University's mission. The six year academic, enrollment, and financial plans previously approved by the Board provide the overarching context for the development of the annual budget in light of the actions by the Virginia General Assembly. Each initiative has been reviewed for alignment with the strategic plan.

Educational and General Program

The 2012-13 Educational and General program budget development process began in Fall 2011. The Budget Office developed revenue budgets by analyzing each revenue category, e.g., General Fund, tuition, sales and services, and other all other sources. This analysis included known changes for 2012-13, projections based on historical performance, and the legislated changes in the general fund appropriations. The total of these revenues established the total available revenue and thus the overall limitation on the amount of the expenditure budgets.

Invent the Future

The initial 2011-12 base expenditure budgets served as the starting point for the development of the base budgets by program, area, and major expenditure category. The adjustments to the original 2011-12 base budgets include:

1. Base budget changes made by operating units during the 2011-12 fiscal year prior to the University's March 31, 2012 snapshot of the base budgets in the University accounting system (Banner Finance).
2. Operating budgets were reallocated and adjusted to support a revised service charge structure in support of the Unified Communications and Network Renewal Project implementation. The new rate structure was designed to be resource neutral for departments in total but did require rebalancing between departments.

The Budget Office also analyzed central costs such as fringe benefits, fixed costs, and recoveries to identify required changes. This analysis was done in conjunction with fiscal officers who manage those costs. This work, along with the revenue analysis, resulted in the overall framework for developing the 2012-13 Educational and General program (E&G) budget for each agency. Within this resource framework, the Budget Office ensured that prior commitments and mandates were properly identified and reviewed as part of the process. The Office of the Senior Vice President and Provost and the Office of the Vice President for Finance and Chief Financial Officer coordinated the identification of critical needs and advancement of the University's strategic plan. The resource allocation proposals were reviewed with the Senior Vice President and Provost, Vice President for Finance and Chief Financial Officer, and President. The status of resource allocations from the state and new tuition and fee revenues were reviewed with the members of the University Advisory Council on Strategic Budgeting and Planning. The total budget was also reviewed with the University's Board of Visitors.

Non-Educational and General Programs

Non-Educational and General programs include auxiliary enterprises, sponsored programs, the Research Initiative, student financial assistance, and all other budgets. The development of the operating budgets for these programs used processes appropriate for those programs; those budgets are described in subsequent sections of this memorandum.

Compensation

The Commonwealth of Virginia planned for a 3% contingent bonus for December 1, 2012, provided that the Commonwealth achieved \$77 million in savings by June 30, 2012. To be eligible, employees must be employed by April 1, 2012 and remain employed through November 24, 2012, and have achieved a "Meets Expectations" rating, or the equivalent, on their performance evaluation with no active written notices under Standards of Conduct.

As discussed with the Academic Council, senior management areas in Agency 208 E&G will fund 60% of the cost of the bonus. This is necessary due to the Commonwealth's nongeneral fund cost assignment of 60% of the cost to the university.

The General Assembly also planned for a 2% salary increase effective July 10, 2013 contingent upon state revenue performance. The university plans to facilitate a faculty merit process during 2012-13.

Consolidated University Budget

As shown in Attachment II, Virginia Tech anticipates authorization of approximately \$1.14 billion during 2012-13 to carry out all of its programs, based on the direct appropriations to the University. However, the annual internal budget varies slightly from this external expenditure authorization for several reasons, some of which increase the annual expenditure authority while others reduce the expenditure plans. For example, the University's expenditure authorization will be adjusted during 2012-13 when the Commonwealth transfers funds to clear the Central Appropriation accounts and distributes the

appropriation for nongeneral fund increases. Additionally, under the sum sufficient authority granted as part of restructuring, nongeneral fund appropriations may be established as needed by the institution.

As a result, the approved 2012-13 annual operating budgets for all operations total \$1.2 billion. Attachment I displays the consolidated operating budget, which is comprised of the following major components and amounts:

Educational and General	\$617.2 million
Auxiliary Enterprises	270.5 million
Financial Assistance for E&G Programs (Sponsored Programs)	290.1 million
Student Financial Assistance	18.6 million
Other programs	5.7 million

Each of these budgets is balanced as of July 1, 2012. The resources received for the benefit of these budget categories must be expended for those purposes and cannot be utilized to achieve other purposes. These budgets were approved by the Board of Visitors in June 2012.

2012-13 Appropriations

The General Fund allocation is estimated to be approximately \$231.7 million, an increase of \$14.0 million from 2011-12. General Fund revenues will provide \$211.6 million in support for the instructional, research, and extension programs, \$18.6 million for student financial assistance, and \$1.5 million for the Unique Military Activities program. Attachment II provides an analysis of the changes in the University's operating appropriations for 2012-13 and 2013-14.

A summary of 2012 General Assembly capital project authorizations is described in section IX.

Funding Analysis

For 2012-13, the state has increased the university's direct General Fund appropriation \$7.48 million, including \$6.53 million for the university's Educational and General program and \$0.95 million for Agency 229, and the university expects to receive additional Central Appropriation fund transfers during the fiscal year. These amounts include both the much appreciated reinvestment of state support in higher education as well as technical adjustments and earmarked funds, e.g. Rolls Royce, Virginia View, and Space Grant. The details of the state support are described further in each budget section.

Even with this reinvestment, total state support per Virginia student for 2012-13 is projected to be an estimated 33 percent below the funding of a decade ago. The university educates an additional 2,200 Virginia undergraduates as compared to 2005. Inflation adjusted, the university will receive 55 percent less General Fund support per student than in fiscal year 2001, as seen in Figure 1. It is important to note that this analysis presents the state support in the most favorable light since it includes all General Funds allocated to E&G including support for activities beyond instruction such as research and public service; however, this is a commonly utilized perspective by external groups.

The State policy for funding higher education is to fund 67 percent of the cost of education of each Virginia resident at the institution. Figure 2 below displays the status of actual funding in relation to this policy over time. In 2012-13, the State will provide approximately 35.6 percent of this cost. This is relatively the same as in 2011-12.

The General Fund appropriation represents 27.0 percent of the University Division's Educational and General budget in 2012-13 which remains relatively constant from 2011-12. In contrast the comparable percentage in 2001-02 was 53.6 percent. The trend in funding sources is displayed in the following figure.

Figure 3: Educational & General Fund Split

Educational and General Revenue and Expense Budgets

Attachment III provides summary revenue and expense budgets for the E&G program for both agencies. The new resource allocations approved during the budget development process are detailed on separate schedules, for both base and one-time initiatives.

University Division (Agency 208) Educational and General Budget

The University Division E&G expenditure budget is \$539.2 million. Attachment IV contains schedules that display the expenditure budgets by operating unit and major expense category. It also displays the details of the calculation of the new base budgets for each category of expense. The 2012-13 Base Budgets Summary schedule displays the application of other adjustments to the initial 2011-12 base budgets. Separate columns are shown for new base initiatives and one-time initiatives. The amounts shown for new allocations that include positions also include the cost of fringe benefits in the total cost.

Base and one-time support for selected major initiatives within the major expenditure programs/categories are described briefly below:

- **Instruction:**

- The University will reserve \$2,825,438 in one-time funds and \$1,083,311 in Equipment Trust Funds to leverage college department and Provost funding for faculty start-up packages. This large investment reflects the projected cost of nearly 200 new tenure track faculty hires over the past two fiscal years.
- A total of \$1,820,139 base will be allocated across colleges in 2012-13 as displayed on the detailed initiative list for recent and expected enrollment growth.
- In addition to general instructional support and start-up package support, colleges will receive the following allocations for additional faculty positions, operating support and support for specific initiatives:

- College of Agriculture and Life Sciences - \$310,728 base support for additional faculty positions targeted at signature areas in STEM, Water Quality, Energy, and Health curriculums.
 - College of Architecture and Urban Studies - \$268,143 base support (to be reviewed in 5 years) for the Myers-Lawson School of Construction. This School is a joint effort with the College of Engineering.
 - College of Business - \$71,442 base for salary support of new faculty hires, \$159,524 base for additional undergraduate student advisors, \$421,478 base to support enrollment growth in the Master of Accounting and Information Systems program and \$200,000 in one-time support.
 - College of Engineering - \$2,916,667 one-time from the Commonwealth for investment in the Rolls Royce partnership, \$239,286 base for additional undergraduate student advisors, \$124,655 base staffing support for the Manufacturing Processes Laboratory, \$115,483 base for additional faculty in Ocean Engineering, and \$658,804 one-time for enrollment support in the college.
 - College of Liberal Arts and Human Sciences - \$149,998 base for university cluster hires in support of the ASPECT doctoral program and \$330,642 one-time for Educational Leadership and Policy Studies. \$140,000 base is provided for operating support to the Virginia Tech Writing Center operated by the College of Liberal Arts and Human Sciences.
 - College of Natural Resources - \$178,575 for additional faculty for the new water science, policy and management campus initiative.
 - College of Science – \$641,683 base to support faculty and other instructional costs related to the implementation of the Integrated Science Curriculum.
- \$206,759 base and \$163,000 one-time is being invested in the startup costs of the Master of Public Health program to supplement the base activities. This investment is supported by enrollment growth in the new graduate program.
 - The Virginia Tech Quality Enhancement Plan initiative will be funded with an additional \$120,000 base and \$250,000 one-time to implement program grants to colleges and assessment of program outcomes.
 - Instructional space is supported with \$500,000 one-time for classroom and instructional laboratory renovations.
 - A \$379,244 base allocation is provided for educational and outreach programming support in the Center for the Arts.
 - Consistent with state budget requirements, \$300,000 base is provided for the development of a STEM Industry Internship program in partnership with the Virginia Space Grant Consortium, Virginia Regional Technology Councils and industry.
 - \$30,000 base is provided to complete the implementation of the recommendations of the Race and the Institution Task Force.
 - \$760,000 one-time and \$500,000 in Equipment Trust Funds will be reserved to support the re-establishment and transformation to digital technology of the Communications Department's instructional studio in the Center for the Arts.
 - The Commonwealth has continued to provide \$850,000 as ongoing support for the 4-VA Initiative (TelePresence), which is collaboration between Cisco Systems, the University of Virginia, George Mason University, and James Madison University.
 - \$800,000 in Equipment Trust Funds will be reserved to support a multi-year initiative to upgrade the classroom distance learning technology infrastructure.
 - \$68,012 one-time is provided to support enrollment growth in the Center for Public Administration and Policy's (CPAP) Graduate Certificate in Local Government Management (GCLGM) program, as envisioned in the memorandum of understanding. \$95,000 base is reserved in anticipation of additional demand for the new Graduate Certificate in Public Financial Management (GCPFM),

which will be addressed through a second enrollment growth memorandum of understanding to be developed.

- \$105,057 base is allocated to support a new Interdisciplinary Graduate Education Program in Regenerative Medicine.
- Ongoing base support of \$23,400 is provided for the Graduate Student Research Symposium and Graduate Student Travel (previously provided one-time) and \$63,000 one-time is provided for the Graduate School Assistantship Bridge Funding program.

- **Research**

- \$600,000 in Equipment Trust Funds are reserved for the Institute for Critical Technology and Applied Science Nanoscale Characterization and Fabrication Laboratory to support the acquisition of a low-kV Analytical Scanning Transmission Electron Microscope. This equipment fills a critical need to better serve the university research community and the requirements of an expanding industrial customer base.
- Support for the Fralin Life Sciences Institute is maintained with a base allocation of \$400,651 (to supplant prior one-time funds) for operations and management support for the life science research facilities.
- The Institute for Society, Culture, & Environment will be provided \$100,000 base (to convert previous one-time funding) to seed additional campus research investments in the humanities and in public health.
- The Virginia Tech Transportation Institute will receive base support of \$400,000 to continue a prior one-time allocation and \$320,235 in on-going support for smart road research activities. \$100,000 in one-time support is also programmed as part of a cost-sharing research initiative with the U.S. Department of Transportation.
- The Virginia Bioinformatics Institute is receiving \$500,000 one-time for research efforts related to Decision and Policy Informatics for Socially Coupled Systems.
- \$272,622 base and \$50,000 one-time is provided for the start-up of the Institute for Creativity, Arts, and Technology.
- Base support of \$130,500 is allocated to provide financial support for international collaboration or travel activities that contribute to development for tenure track faculty (Supplemental Grants Program).
- One-time funding of \$120,000 will be provided to support research activities in the Center for Injury Biomechanics (4th year of a 5 year funding commitment).
- \$500,000 in one-time support is provided to promote the generation of intellectual property.
- One-time support of \$890,000 is reserved for the lease of swing space for the temporary relocation of research laboratories during the renovation of Davidson Hall.
- The University will invest \$2,000,000 of Equipment Trust Funds in support research and academic programs through improvements to high performance computing.
- The Vivarium will receive operating support of \$260,000 one-time.
- To implement recommendations of the University Task Force on Special Research Faculty, \$62,682 base is provided for short-term disability benefits for restricted faculty and \$297,700 one-time is provided to support research faculty for time spent preparing research proposals.
- Base support of \$109,761 is provided in support of research network enhancements.
- One-time support of \$298,005 has been reserved to continue implementation of a new Research Administration system to support the development and processing of proposals. The new system is intended to increase efficiency in the central coordination of sponsored programs and to enhance service to the broader campus community.
- \$130,947 base is provided for staffing support to the Institutional Animal Care and Use Committee to address federal recommendations regarding biotechnology regulations and research protocols.
- \$225,013 base is provided for additional staffing to help researchers maintain compliance with expanding requirements of federal agencies.

- **Operations and Maintenance of Plant**

- The university has planned support for the operation and maintenance of new facilities coming on-line.
- \$938,669 base and \$10,775 one-time is earmarked for the provision of new classroom space in the new Academic and Student Affairs Building.
- \$65,333 base is provided to support increased operating and maintenance costs resulting from the Library's new 24-5 schedule to provide enhanced access to students.

- **Support Services**

- \$35,000 base and \$117,500 one-time support is allocated for the acquisition and operation of a new cash receipts system by the University Bursar's office.
- Base support of \$99,417 is provided to the Vice President and Dean of Undergraduate Education for a College Access and Support Coordinator position and for a Veteran and Military Student Support position and operating expenses to improve student success, retention and graduation, and to create an environment that is welcoming and sensitive to the growing population of student veterans.
- One-time support of \$64,116 is provided to Services for Students with Disabilities and VPIT Learning Technologies to help provide needed accommodations and services.
- \$159,525 base is planned to further enhance the wage payroll process, re-engineering of employee leave reporting, and improved monitoring and oversight of the student insurance program.

- **Fixed Costs**

- Base support of \$3,511,000 is provided to support the nongeneral fund share of the increased employer cost share of state-mandated fringe benefits, most significantly employee health insurance and Virginia Retirement System contributions.
- \$1,000,000 base support is allocated for increases in the cost of utilities, leases and other fixed expenses.

- **Compensation**

- \$231,104 of base support is planned to fund the cost of faculty salary actions resulting from the promotion and tenure program.
- \$3.5 million is reserved for base compensation actions. Senior management areas will have access to a 1% pool to support critical needs for in-band adjustments for staff. Funds will be made available after actions have been approved by Human Resources. In addition, a faculty merit program will be implemented in the coming year.

- **Other**

- The Library will receive base support of \$419,480 to address inflationary costs, \$101,920 to extend library operating hours to a 24-5 schedule closing only on Friday and Saturday evenings, \$79,762 base for an additional librarian position, and \$200,000 for additional design and development of the Learning Commons spaces in Newman Library. Additionally, \$90,000 in Equipment Trust Funds will be allocated for library equipment acquisitions.

- To further enhance campus safety and security, \$206,627 base will be provided for enhancements to the 911 Call Center and VT Alerts and Emergency Response System as part of the Unified Communications and Network Renewal Project, \$100,000 one-time will be allocated to replace the campus siren and public address system, \$161,204 base is allocated for a new Deputy Chief of Police and Assistant Director of Security position, and \$159,524 base is provided for additional operating and staff support for Environmental Health and Safety related to research activities.
- Consistent with state budget requirements, \$276,000 base is provided to support the Virginia Vital Information for Education and Work (VIEW) Program to provide access to resources for career exploration, college and work force readiness, and STEM career preparation.
- To provide base support for the Creative Arts, \$77,956 is provided to continue previous one-time funding for expanded programming and graduate student assistance.
- \$45,396 base and \$394,218 one-time are allocated in support of the E&G portion of costs for the Unified Communications and Network Renewal project.

A more detailed listing of funding items is available in Attachment III. The University Division E&G budget is balanced.

Cooperative Extension/Agricultural Experiment Station Division (Agency 229) E&G Budget

The Cooperative Extension/Agricultural Experiment Station Division (CE/AES) budgets are displayed in Attachment V. This agency operates Cooperative Extension and the Agricultural Experiment Station as two separate programs, and the internal budgets maintain this distinction. This distinction is critical to meet legislative intent and reporting requirements.

The 2012-13 budget includes a \$0.45M increase in General Fund support for adjustments relating to prior fringe benefit changes and an additional \$0.5 million to support the critical staffing initiative.

Other Programs Operating Budgets

The University operates four major programs other than Educational and General. Attachment VI provides the operating budgets for these programs -- auxiliary enterprises, financial assistance for educational and general programs (sponsored programs and the Commonwealth's Research Initiative), student financial assistance, and All Other Programs (Unique Military Activities, Federal Work Study, Surplus Property, Alumni Affairs, and Local Funds). The budget development processes for these programs and the changes for 2012-13 are described below.

Auxiliary Enterprises

The University provides certain essential support services (e.g., Residence Halls and Dining Programs) through the operation of auxiliary enterprises. These enterprises are financially self-supporting and do not receive tuition revenue or general fund support. The auxiliary enterprises are supported by charging for all of the services provided to cover direct costs and reimburse the E&G program for all indirect costs. Individual auxiliary budgets are established through a standard development and review process with auxiliary managers. These budgets are issued through separate budget memoranda from the Chief Financial Officer prior to the beginning of the fiscal year.

The total auxiliary revenue will grow 4.3 percent over the adjusted 2011-12 budget in 2012-13, with a significant portion of the increase attributable to growth in Residential and Dining Programs and Telecommunications Services improvements. This increase includes resources to cover legislated changes in personnel costs, increased energy costs, enhancements to critical student health services, student programming, maintenance of existing facilities, the cost of new facilities, and the campus-wide telecommunications improvements. As some auxiliary budgets are dependent on student fees, increases in auxiliary fees were managed with the intent to minimize the total cost of education while providing the maximum service to students.

Existing state requirements, along with the University's budgeting and financial management strategies, generally result in the establishment of breakeven budgets for the major budget components, with the exception of auxiliary enterprises. That is the case for 2012-13, where only the auxiliary budgets project an increase in the reserves as of June 30, 2013. The projected increase, \$5.6 million, is the result of the intentional rebuilding of reserves in specific auxiliaries where expenditures in prior years for capital projects created the need for restoring the reserves so it may operate as a revolving fund. In other cases, the projected increase in reserves reflects the temporary positive impact of planning activities for new capital projects. The 2012-13 budget for auxiliary enterprises is also designed to ensure the reserve levels remain in compliance with the tenants of bond covenants and SCHEV requirements.

Financial Assistance for E&G Programs

Financial Assistance for Educational and General Programs is comprised of externally sponsored program activities, the Eminent Scholars program, the Institute for Distance and Distributed Learning (IDDL) Enterprise Fund, and the Commonwealth's General Fund support for the Research Initiative. The University anticipates \$7.4 million of growth over the original 2011-12 budget due to projected increases in research activities.

Commonwealth Research Initiative

The Commonwealth Research Initiative will continue to be supported with \$2.4 million from the General Fund which was earmarked by the General Assembly for building research capacity, plus an additional \$0.75 million to enhance brain disorder research. The VTC Research Institute will be supported by this funding source in 2012-13 as described in Section VI page 3.

Student Financial Assistance

The projected annual budget for the state supported Student Financial Assistance Program includes \$18.6 million in state General Fund support for Undergraduate Scholarships, Graduate Fellowships, Soil Scientist Scholarships, and the Multicultural Academic Opportunity Program in 2012-13. The specific amounts are enacted by the General Assembly in the Appropriation Act.

All Other Programs

The All Other Programs component is comprised of the Unique Military Activities appropriation, surplus property, federal work study program, local funds, and Alumni Affairs. The annual budget for these funds is based on historic trends and projections of activity levels by program managers. These programs are funded by resources that are designated for specific purposes. For All Other Programs, the recommended budget represents an increase of \$0.014 million or 0.2 percent under the adjusted budget for 2011-12. This change is due primarily to a \$150,000 increase in state appropriations for the the Unique Military Activities.

Position Allocations

The internal employment levels are allocated by position category in Attachment VII of the 2012-13 Authorized Budget Document. The allocations are maintained for the University and Cooperative Extension/Agricultural Experiment Station Divisions as well as other University programs. The approved position changes for 2012-13 have been overlaid onto the 2011-12 base position allocations. These incremental allocations will be loaded into the University's Human Resources Information System.

Graduate Assistant (GA) positions are not currently limited in number by the Commonwealth as are Graduate Teaching Assistants (GTA). As a result, GA positions are not included in the allocation of positions. However, GA positions are constrained by funding. Payment of tuition for GAs is limited to scholarship funds (999xxx funds), overhead funds, or private funds. As stipulated in the Code of Virginia,

tuition waivers (997xxx funds) and Educational and General funds may be utilized as an appropriate source to fund unfunded scholarships for GTAs but may not be utilized to fund tuition for GAs.

Attachment VII displays the allocation of positions by senior management area for all areas except for the Cooperative Extension/Agricultural Experiment Station Division. The position allocations for Agency 229 will be reviewed with the colleges and Provost Office this fall given the cumulative impact of \$10.3M of budget reductions since 2007 and the continuing evolution of plans as well as the reinvestment of resources from the General Assembly.

These allocations are maintained in the Banner Human Resources Information System. While Human Resources will continue to be responsible for the operating and internal control processes related to positions, each college and vice presidential area is responsible for managing its employment levels and remaining within authorized levels.

Equipment Allocations

The University makes annual budget allocations for the Equipment Trust Fund and for the equipment enhancement funds.

Phase 26 of the Equipment Trust Program

The state allocation to the University for Phase 26 of the Equipment Trust Program in 2012-13 is \$8,328,077. The use of the 2004 allocation model for the distribution of Equipment Trust Fund is continued. This model utilizes four drivers to set the baseline allocation: filled faculty FTEs, lab WSCH delivered, PhD awards, and equipment expenditures (less ETF). The model also includes a fifth variable, equipment inventory performance, as a bonus element. The performance target for the equipment inventory was set at 95.0% of the number of items and dollar value of equipment inventoried during the current fiscal year for Phase 25. Additionally, the model sets aside an amount for a strategic equipment purchase and the Library. The allocations developed from this model for 2012-13 are shown on Attachment VIII.

The Appropriation Act also included a \$4,278,311 supplemental allocation for Research in 2012-13.

Equipment Enhancement Program

The \$2,000,000 equipment enhancement fund allocation for 2012-13 remains unchanged from 2011-12. The equipment enhancement funding continues to provide the Provost with \$1.6 million and the nonacademic units with \$400,000 of equipment funds.

Capital Outlay Project Authorizations

The University will begin fiscal year 2013 with \$652.1 million of capital outlay authorizations. This includes \$451.6 million of Educational and General projects and \$200.5 million of auxiliary enterprise projects. The Educational and General projects are supported by a mix of state support, self-generated revenue from the University, and private gifts. Auxiliary enterprise projects are supported by self-generated revenue from auxiliary operations and private gifts.

For fiscal year 2013, an estimated \$166.3 million of the \$652.1 million of capital outlay authorizations will be spent. The major Educational and General projects underway for 2012-13 include the Human & Agricultural Bioscience Building I, Performing Arts Center, Renovation of Davidson Hall, Signature Engineering Building, Chiller Plant – Phase I, and planning for numerous upcoming projects. Major auxiliary enterprise projects include the Renovation of Ambler Johnston Hall, Unified Communications and Network Renewal project, and the McComas Hall exterior wall structure repair. Attachment IX provides information concerning capital outlay projects. This attachment shows Educational and General

and auxiliary enterprise capital project authorizations for fiscal year 2013 and narrative descriptions of the projects.

The report was developed using expenditure information as of May 31, 2012. The estimated expenses for 2012-13 assume that each project will progress to a particular level of planning or construction by the end of the current fiscal year. If a project exceeds or lags the planned schedule, the fiscal year expenses will be affected accordingly. Thus, the actual expenses for 2011-12 and the balance available on June 30, 2012 may vary slightly from the report depending on the level of expenses recorded during the month of June 2012.

On-line Budgets, Full Budgeting, and Budget Controls

All components of the annual operating budgets will be entered into the University accounting system (Banner Finance) by the Budget Office through on-line entries in the accounting system and then distributed to departmental funds by operational managers. Revenue budgets for all revenues will be entered into the system at the same time expenditure budgets are established. Revenue budgets and the drawdown of reserves, in limited cases, are always balanced with expenditure budgets. The budgeting process within the accounting system requires balanced adjustments to budgets during the year to ensure that the budgets remain balanced at all times. Depending upon the nature of each transaction, budget adjustments can be made by operating units or by the Budget Office. Increases to the overall program expenditure authority must be supported by projected increases in revenue or an authorized drawdown of reserves and be approved by the Vice President for Finance and Chief Financial Officer prior to entry into the system.

As in prior years, the Controller's Office will continue the process of non-sufficient funds checking during the year. This process provides greater assurance, in the decentralized budget environment, as to the fiscal integrity of the accounting and budgeting processes, at both the central and operating unit levels. Implementation of non-sufficient funds checking will be reinstated after a reasonable time has been provided to fully distribute budgets within the system.

Fiscal Officer Review and Distribution of the Base Budgets

To the extent possible, the Budget Office reviewed with the fiscal officer for each budget responsibility center a draft of the appropriate sections of the Authorized Budget Document. This review provides the opportunity for explanation of decisions made within the budgets and to identify and correct discrepancies. For the current year, reviews were conducted with most of the fiscal officers and some corrections were implemented. During the summer of 2012, the Budget Office will work with the fiscal officers to address any questions or concerns not identified during the review of the draft documents.

Copies of this Authorized Budget Document will be distributed electronically to the vice presidents, deans, and fiscal officers. A copy of this document will be placed in the Newman Library and is also available on the web at www.obfp.vt.edu.

Please let me know if you have any questions about the budgets.

CE/AES Division

To be distributed at a later date.

(1) Part-time wage faculty (P14) and summer school faculty will be counted within the appropriate allocations for T&R and A/P Faculty.

(2) The position allocation for graduate teaching assistants (GTAs) and graduate research assistants (GRAs) are in full-time equivalents (FTEs). One GTA or GRA equals one-fourth of an FTE (i.e. 4 GTAs = 1 FTE, 10 GTAs = 2.5 FTEs).

Approved Internal Position Allocations (in FTE)

NARRATIVE DESCRIPTIONS OF CAPITAL PROJECTS

Educational and General Projects

Maintenance Reserve: Since 1982, the Commonwealth has allocated General Fund support for preserving and extending the useful life of state-owned E&G facilities. This ongoing project covers a wide range of building and campus infrastructure repair and replacement work.

E&G Blanket Authorization – Planning Agriculture Programs Relocation: Blanket Authorizations allow unforeseen renovation needs to be authorized administratively for expediency. Financial support for projects must be 100 percent non-general fund. The current active projects include the planning for Agriculture Programs Relocation and planning for a Geosciences building.

Academic Buildings Renewal Planning: This project is for planning the renovation and renewal of three academic buildings located within central campus on the drillfield: Sandy Hall, Davidson Hall Phase II, and the Liberal Arts Building.

Address Fire Alarms and Access Planning: This project is for the needed health, safety, and accessibility improvements in several E&G facilities on campus.

Classroom Building Planning: This project is for planning the construction of a 73,000 gross square foot state of the art classroom building.

Propulsion Laboratory Planning: This project is for planning the construction of an 8,100 gross square foot laboratory project to address research and instruction activities within the College of Engineering.

Academic and Student Affairs Building: This project encompasses the construction of a 77,500 gross square foot facility on the north side of campus to house dining and shared instructional space. The project is under construction and will be completed in summer 2012.

Chiller Plant, Phase I: This project is for a central chiller plant facility in the southwest section of campus as part of a strategy to increase the efficiency of campus cooling systems and to serve new buildings coming on line in the area. The project is under construction and will be completed by spring 2013.

Human and Agricultural Biosciences Building I: This project will construct a laboratory building to provide expanded, modern research space to meet the needs of animal and plant science research by the Agricultural Experiment Station in the College of Agriculture and Life Sciences. The project is under construction and will be completed by December 2013.

Performing Arts Center: This project will construct a state-of-the-art performance theatre and creative arts laboratory. The project is under construction and will be completed in 2013.

Renovate Davidson Hall: This project is for the first phase of the renovation of Davidson Hall, which is envisioned to raze and fully replace the unrecoverable center and north section of the building. The project is under construction and will be completed in January 2014.

Signature Engineering Building: This project will construct a classroom and laboratory facility for undergraduate and research programs in the College of Engineering. This project is under construction and will be completed in February 2014.

Upgrade Campus Heat Plant: This project addresses the critical need for the improvement of campus heating infrastructure to ensure campus utility services are not compromised and to serve areas of growth on campus. The project will be accomplished in multiple phases. The project should be complete in July 2012.

Veterinary Medicine Instruction Addition: This project is for the construction of a facility that will provide updated classroom, laboratory, and faculty office space to meet the needs for the College of Veterinary Medicine. The project is under construction and will be completed in August 2012.

Virginia Tech-Carilion Research Institute Third Floor Upfit: This project will upfit 26,000 assignable square foot in the third floor of the Virginia Tech Carilion Research Institute to provide research laboratory, conference space, office space, and a 5,000 cage vivarium with support spaces. The project is under construction and will be completed in August 2012.

Hampton Technology Research and Innovation Center: This project is for a 58,400 square foot facility located in Hampton Roads that is being implemented under a Public-Private Education Facilities and Infrastructure Act ("PPEA") agreement with delivery through a design-build process. Construction is complete and project close-out is pending final project invoices being received and paid.

Infectious Disease Research Facility: This project is authorized to construct a research laboratory facility of up to 15,700 gross square feet for the study of infectious diseases. Construction is complete and project close-out is pending final project invoices being received and paid.

Visitors and Undergraduate Admissions Center: This project will construct a new Visitor and Admissions Center at the Prices Fork university entrance near the Inn and Alumni Center. This building will replace the current facilities. Construction is complete and project close-out is pending final project invoices being received and paid.

Administrative Services Building: The purpose of this project is to construct a 48,000 gross square foot building along the campus perimeter to house various administrative and academic support functions in one central location. The project is on hold.

E&G Blanket Authorization – Planning Science Building Laboratory I: Blanket Authorizations allow unforeseen renovation needs to be authorized administratively for expediency. Financial support for projects must be 100 percent non-general fund. The current active projects include the planning for Agriculture Programs Relocation and planning for a Geosciences building.

Sciences Building Laboratory I: This project is envisioned as a large laboratory facility to support interdisciplinary science programs. The project is currently on hold pending the outcome of external funding sources.

Auxiliary Enterprise Projects

(The following projects are supported by revenues from auxiliary enterprise operations and private gifts donated for specific uses.)

Maintenance Reserve: The auxiliary Maintenance Reserve program was initiated in 1994 to preserve and extend the useful life of auxiliary enterprise facilities. This project covers a wide range of building infrastructure repair and replacement work. The resources to support this program are provided by the auxiliary units.

Unified Communications and Network Renewal: This project includes improvements to four complementary communication infrastructure components. The four components include a unified communications system, upgrading the Internet Protocol (IP) Network, upgrading the cable plant, and upgrading equipment rooms in various facilities. The total expected costs are \$16.508 million and this project is anticipated to be complete in spring 2016.

Campus Fiber Optic Improvement: This project installs a fiber-optic core on campus that consists of five segments connecting to the five campus switching center and connections from the core to several buildings. This will increase capacity and diversity, both of which are needed to provide abundant and reliable network connectivity. This project is underway with anticipated completion in spring 2013.

Phase IV of Oak Lane Community: This project is an expansion of the Oak Lane Community and will establish the necessary site improvements and construction of at least three and up to five new houses. The total project authorization is approved at \$23.5 million. The approved funding plan calls for housing corporations to provide 33 percent of the cost of a house and for the university to cover the remaining house costs and site development costs.

Renovate Ambler Johnston Hall: This project addresses the renovation of East and West Ambler Johnston Hall. Renovations will include the addition of air conditioning, upgrading electrical and infrastructure systems, asbestos removal, exterior improvements, and modernization of room arrangements. The first phase of construction is will be complete by spring 2011, with the second phase of the construction expected to be complete by spring 2012.

Repair McComas Hall Exterior Wall Structure, Phase III: The first phase of a repair project has been completed and the second phase is underway and anticipated to be complete fall 2012. The project will address moisture penetration and structural problems in the exterior walls of McComas Hall, which will require the removal and replacement of the exterior walls.

West End Market Renovation & Expansion: This project includes space for additional seating, expansion of the kitchen and food preparation area, and increasing the number of restrooms and staff locker rooms. In addition, the project will renovate space for program enhancements and roof repairs. This project is complete and will be closed when final payments have been processed.

Indoor Athletic Training Facility: The purpose of this project is to build a new field house, primarily for the use of the football program. This will allow the current field house to be used for simultaneous indoor practice and training by other ACC athletic programs. The project is on hold pending resolution of a site study.

New Residence Hall II: This project envisions a new residence hall of approximately 250 beds. Cost estimates exceed the project budget, and the project is on hold while the university identifies potential alternatives.

Parking Blanket Authorizations Balance: The purpose of the unfunded parking blanket authorization balance is to complete future improvements and repair projects for the parking system as specific needs are identified and as funding becomes available.

Phase IV Oak Lane Community Remaining Authorization: This is the remaining authorization of the \$23.5 million Oak Lane Community, Phase IV project. The remaining Oak Lane Community expansion, houses two through five and their necessary site improvements, may be constructed as organizations come forward with plans and commitments for their one-third funding requirement per house.

CAPITAL PROJECTS TARGETED TO CLOSE IN FISCAL YEAR 2012
